LED STRIP SERIES

TBD.DS72(W)

6.0W INDOOR/OUTDOOR LED STRIP

TBD.DS72 is a linear lighting system optimal for areas where high-intensity levels of light are desired. Great for many indoor, commercial / residential applications. With several LED color options and 120° beam spread, this LED strip is a superior option for general lighting: coves, slots, or vanity mirrors. This strip, with high density, double-row LED spacing, when used with a deep channel and frosted lens, virtually eliminates all hot spots.
