PROFILE CHANNEL SERIES

TBD.E25P

RECESSED FLANGELESS-EDGED CHANNEL

Mud-in trimmed for a flangeless-edged finish. Suitable for recessed applications in plaster ceilings or walls. The durable Anodized Aluminum Profile Channel not only adds a great finished appearance to your space, but also protects LED chips from dust, and provides superior thermal management for higher wattage LED strips, prolonging the overall lifetime of the lighting system. Patented diffusers maximize lumen output and beam distribution.
