PROFILE CHANNEL SERIES

TBD.ERC

RECESSED FLANGED PROFILE CHANNEL

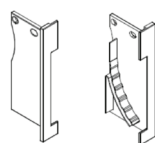

A specially shaped channel designed to direct beam either up or down onto ceilings or floors, projecting a warm glow for cove or pathway lighting. This durable Anodized Aluminum Profile Channel not only adds a great finished appearance to your space, but also protects LED chips from dust, and provides superior thermal management for higher wattage LED strips, prolonging the overall lifetime of the lighting system. Patented diffusers maximize lumen output and beam distribution.

FEATURES

- Recessed Flanged
- Available lengths: 49" and 98.5"
- Finish: Anodized Silver
- Diffuser: Clear or Frosted
- Custom cut lengths available

ACCESSORIES
