LED STRIP SERIES

TBD.S60-5MM

3.0W INDOOR 5MM LED STRIP

TBD.S60-5MM is a flexible linear lighting system optimal for areas requiring high-intensity levels of light, but where the install space is super tight, and only a tiny channel will fit. For indoor, commercial/residential applications. With several LED color options and 120° beam spread, this LED strip is an option for smaller-detail accent lighting: shelves, undercabinet, slots, steps, display, or floating vanity mirrors
